Hope everyone had a great July 4th!

Up Coming Meeting Schedule:

Saturday July 13, 1:00 pm Rain date Sunday July 14, 1:00 pm

Safety

The temperatures are getting warmer and we all need to keep hydrated... understand the signs and symptoms of heat stroke or heat exhaustion and act accordingly.

Let's all be mindful of the fact we still need to not fly over the construction being carried out on our fly over area. Safety First. Let's all continue to have a great flying season...

NNPRCC Event

I received the following email from Juan Cruz of NNPRCC:

Greetings,

This email is sent to you on behalf of the Newport News Radio Control Club (NNPRCC). I found your contact information through the AMA clubs' website. You are listed as the POC for your RC club.

We are having a model giveaway at the NNPRCC field on Saturday, July 20, starting at 9:30 am. The models come from the estate of a deceased modeler. In the collection there are a lot of unstarted kits (aircraft and helicopters) from the 70's to the 90's, tools, plans, assorted RC hardware, and building supplies (no completed or unstarted kits, no engines or radios). If only one modeler wants an item, he/she gets it free. If more than one modeler wants an item it is put up for auction with a starting bid of \$1.

The members of your club are invited to this giveaway. Please help us find a home for these models.

You can also bring models and fly with us that day (AMA membership required, no turbines).

We would greatly appreciate it if you could inform the members of your club of this event. Enclosed is a flyer you can distribute to promote this event.

We hope to see you there.

Thanks,

Juan R. Cruz
